

PROJECT FACT SHEET

EA #4G552
(Project ID: 0415000087)

DESCRIPTION:

The project proposes to install crosswalk safety enhancements.

PROJECT LOCATION:

In Solano County, on Route 29, at various locations.

SCOPE:

This project will install pedestrian crosswalk safety enhancements consisting of marking existing crosswalks with high visibility crosswalk markings and installing yield lines at selected unsignalized intersections.

NEED & PURPOSE:

This project is needed to enhance pedestrian safety at unsignalized intersections as those are considered major points of conflict for motorists and pedestrians.

The purpose of this project is to encourage drivers to yield to pedestrian, enhance driver awareness of crossings, and provide active warning of pedestrian presence at the selected unsignalized intersections within the limits of this project.

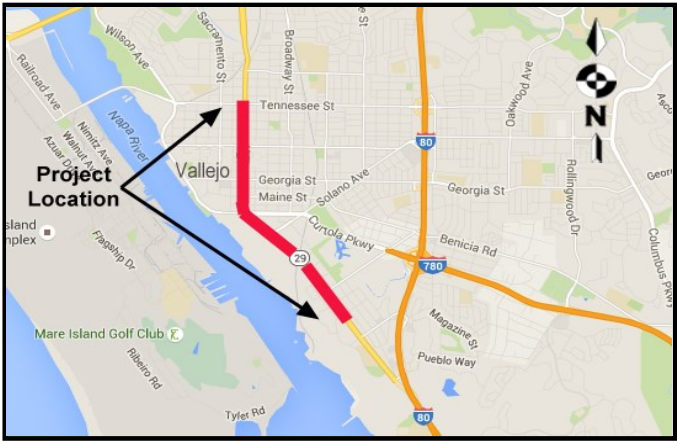

PROJECT COST:

Construction Cost : \$1,171,132.00
